Correspondence ending with the Mysore Dy Comr's Docket No 179 dated 20th May 1901, re the Chattram at Kadukola in Mysore Taluk. —

The Chattram at Kadukola built by the late Mrs Bulway Rao, is endowed with the marginally-noted Inamamanyam villages for its maintenance & Anna Santarpane therein carrying a Revy. of Rs 31.87-2-8 } 22-8-0 } 32.09 10 8. The present Inamdars of these villages are Messrs M. Ranjanaja Urs and Devaraja Urs,

(4) Dodadahadi	
(5) Tumakalli ——	

the late mr Bentinck was. The Villages and the Chattram were transferred to the management of the Revenue Department in June 1891, in consideration of the loan of Rs 55 649-13-10 granted to the Zamindar by the Salaca and by Government Bank-it would appear that, before the transfer was made to the Revenue Department, the late mr Rangachariar issued an order in July 1872 fixing a sum of Rs 650 out of the revenue of the villages, to be paid to the Chattram annually, towards the cost of Establishment feeding, repairing and other charges the balance being paid towards the liquidation of debts. This arrangement continued till the end of march 1891, when the Zamindars entirely stopped the feeding.

The Chattram building is in the most dilapidated condition

questions were then raised in

connection with the Chattram :—

Firstly The removal of the feeding

in the Chattram

and

Secondly — The repairing of the Chattram

building.

As regards the first point, the views

of Dy Comrs, Messrs Ramgaswamiengar,

B. K Venkatasvaradengar and Madinah,

were of opinion that the Chattram should

thoroughly repaired or a new one

built, before the feeding could be resumed.

For this purpose, our Madinah submitted* an

with his letter of 29 dated 4th Aug. 1900.

Estimate for Rs 2650 and recommended

that the amount might be met from the

sum of Rs 4156 – 14 – 2, then available

at the credit of the Chattram. And in

reply to Hon's Office Docket no 396 dated

19th September 1900, enquiring whether

the amount reported to be available,

represented

the total collections from the Inam villages
on ~~it~~ were the accumulated savings effected
out of the feeding allotment, the Dy Comr
states in his Letter No 163 dated 4th April 1904
that since the Chattrams and the Inam Villag
came under Government management in
June 1891, all the Collections from the village
since the levy of the Villagers servants and
the local cess, were credited entirely to Govt
towards the interest and the principal due by
the Inamdars, and that no feeding was
conducted in the Chattrams except for 5
months in 1895. The Dy Comr has also
submitted a statement showing the total
amount of Savings — Viz Rs 5451-12-4 —
which ought to have been effected from June 1891
to October 1900 both months inclusive
out of the annual allotment of Rs 650
for the Chattram purposes, as per late Mr
Ranganatha's orders. And he also reports
that the sum of Rs 4156-14-2, kept in Deposit in
the Mysore Bank Treasury, represents the Collections

and that it was not credited to Govt as heretofore with a view to meet the cost of rebuilding the Chattram.

Submitted for orders

Subject to the Dewan for orders
(1) as to the repairing of the Chatram, and
(2) as to the renewal of feeding therein.

For several years the allowance attached for the Chatram does not seem to have been separately credited on that account, while on the other hand, from Sept 1899 to Aug 1900 the entire collections have been kept in deposit, to provide funds for repairs to the Chatram. The amount so kept in deposit is Rs. 4156-14-2, while the estimate for repairing the Chatram is Rs. 2650.

As the grant of the Inam villages was conditional upon the maintenance of the Chatram it is submitted that something must be

In his remarks dated 31st October 1901 on the subject of the loans to me in Nanjarai Wes family, the Dewan, has among other matters, made the following observations

" A part of the property is, I believe, subject to the performance of some charities. The Chattram at Kadakola is gone. That at Bale wes' Chattram is better. The present condition of the charity must also be ascertained."

In my Inspection Notes under date the 11th Nov: 1901, the following remarks were made: -

" On my way back to Mysore in the evening, I inspected

inspected the Pallé
Veé Chattram at
Kadakola. This Chattram
is endowed with 5
Sarvamanyam villages,
but the building is
almost in ruins. It
seems there are at
present 2 servants
maintained from the
funds of this Chattram,
one getting Rs 2-8-0
as Kavalgar, and the
other annas 9 as Thadmali.
In addition to this
amount, annas 10 is
paid monthly towards
lighting charges. Thus,
the total monthly
expenditure is at present
Rs 3-11-0 only. The question
of re-constructing the
Chattram and of

reviving feeding thereon,
is now under the Con-
sideration of Government."

The Dewan made the
following remark thereon:—

"But the matter must
be brought up and
urged in the Musrat
department. The
Charity has disappeared."

The Note at the commencement
of this Memo describes
how matters stand as
regards the Kadakola Chattram.

Whatever arrangements
may be made by Government
for the repayment of the
loans granted to the family,
it is respectfully submitted
that the allowance on
account of the Chattram
should be treated as a first-

unexpected

charge, so as not to defeat the object of grant. The amount (Rs 650 per annum) fixed by the late Mr. Ramsathan in 1872 is not too much, although according to the entries in the Quit-Rent Registers, all the five villages were granted for the sole support of the Chattram. It is submitted that orders may be issued for that amount at least - viz, Rs 600/-, being regularly placed at the credit of the Chattram with effect from 1st April 1891 when the feeding was stopped. A sum of Rs 4156 - 14 - 2 is reported to have been kept in

deposit on this account. This should be ordered to be transferred to the credit of the Chattram, as also all the balance due for the period from 1st April 1891 up to date.

The Estimate for re-building the Chattram submitted by the Deputy Commissioner in August 1900 is only for Rs 2650/-. I think this amount will not be found sufficient, considering the state of utter dilapidation into which the building has fallen. It is also a matter for consideration whether a new Chattram is necessary at the old site which is so near to Mysore on the one side and to Nanjangud on the other

and

inspected

and whether the institution may not be established in some other place where a Chattram is required and will be appreciated, the charity being continued in the name of the Bala Raj Urs family. Meanwhile, orders are solicited on the question of funds above explained.

There is another Chattram founded by the same Bala Raj Urs at Bellale, which is about 7 miles from Melkote. This Chattram is also endowed with the marginally noted 2 Sarvamanyam villages in the Sreerangapatam Taluk,

Deputy Secretary's remarks:-

The future allowance of Rs 650 per annum for this Chatram has been satisfactorily provided for in the Proceedings of Govt: in the Financial Department No 644-9 dated 18th September 1903. Orders in the Mufassil Department will now be issued to the Deputy Commissioner to regularly apply for this amount every year and credit it to the Chatram.

The next point is the recovery of the arrears of past years. From 1st April 1891 up to 18th Sept: 1903, the date of the last Govt: order, e, for a period of 12 years and

5 months, a sum of Rs 8070-13-4 is due to the Chathram at the rate of Rs 650 per annum. A small sum of a few rupees per mensem as per margin* paid on account of servants will have to be deducted. This can be ascertained from the Deputy Commissioner. Orders are now solicited for the payment of the sum of 8000 & odd rupees mentioned above to the credit of the Chathram.

Kavalgar Rs 2-8-0
Thadwali " -9-0
lighting charges -10-

I have already on pages 5 to 12 of this note described the utterly dilapidated condition of the Chathram building. The re-construction of it will cost a considerable sum and therefore it is very necessary that the amount of arrears above named should be placed at the disposal of the Muzrai department to the credit of the Chathram.

If this is approved, the order may issue from the Financial Department.

Murrai Secretary's remarks —

Now that the sum of Rs 8070-13-4 has been placed at the disposal of the Murrai department on account of the Kadakola Chatram, the question of the re-construction of the building has to be considered The old building is in an utterly dilapidated condition and the whole has to be rebuilt newly Owing to the advent of the Railway, the village of Kadakola has become a very unimportant place and it is very unlikely that it will be frequented by any pilgrims. It is a question therefore whether the Chatram may not be re-constructed in a more important place, such as, Nanjangud. At the same time, I beg to point out that there appears to be a

sentiment in the family of Balaraj Urs that the new Chathram should be constructed on the old site with the view of keeping up old traditions and particularly because the Sreecum ta Murti of the Nanjangud temple, when periodically taken from Mysore to Nanjangud is made to halt at the Kadakola Chathram and is worshipped there. If it is decided that the new Chathram should be constructed on the old spot, the Chief Engineer will be requested to send a competent Officer of P.W.D to inspect the old building and submit a carefully ~~proposed~~ prepared plan and Estimate for the construction of a new one within the amount available Viz, Rs 8070. If the existing foundations are not sound or if the amount in hand is insufficient for re-constructing the old building which is very extensive, the Chief Engineer may be asked to estimate for a smaller and neater building so as not to exceed the amount available.

The feeding in the Chathram can be undertaken only after the building is constructed

No. 76 dated 27th December 1893.

In reply to his office memo No. 908 dated 5th Instt (herewith returned) has the honor to state that for the maintenance of the Chattram at Kudkola the four villages of Kudkola, Sindhavalli, Byathanhalli, and Dadadahalli carrying a Beriz of Rs 3187-2-8 were given to the late Mr Balaraj Urs as Sarvamanyam. After his death these villages were in possession of his sons Messrs Nanjaraj Urs and Devaraj Urs from whom they were taken to the palace in return of the loan due by them and subsequently transferred from the Palace to Government Management two years ago. The Chattram was being originally

riginally maintained at a cost of Rs 650- out of the revenue of the villages and the travellers fed. When the villages came to the possession of Messrs Rajaraijurs and Devarajurs feeding in the Chattram was stopped; and since it was brought under Government management, it has been under consideration to recommence feeding in the Chattram. A portion of the building is in a dilapidated condition.

Mysore Taluk Amildar's report No 36 dated 16th Instt is submitted with enclosures for reference.

SIR,

In reply to your docket No. 560 dated 27th November 1893 enquiring whether the Chattanam at Kadakola is maintained in efficient condition &c. I have the honor to enclose for information correspondence noted in the margin from which it will be seen that for the _____ maintenance of the Chattanam the 4 villages of Kadakola, Sindhoalli, Byathahalli, and Dodadahalli in the Mysore Taluk carrying a Beriz of Rs 3187-2-8 were granted in Sarvamanyam to the late Mr Balaraj Urs, and that after his death these villages came to the possession of his Sons Messrs Nanjaraj Urs and Devaraj Urs from whom they were taken over to the Palace in consideration of the loan granted to them by the Government and the Palace Department

and also

Mysore Taluk Amildar's report No. 36 dated 12/1/94 with Shanbogue Venkatasubbiah's statement.
Copy of order No. 165 dated 11/7/72 from the Guardian's office to Venkatasubbiah, Shanbogue of Kadakola Chattram.

about 2 years ago transferred to the manage-
-ment of the Revenue Department.

It will further be seen from the Copy of the order issued by the late Mr. C. Ranga-
charlu that a sum of Rs 650 has been fixed as money allowance for the Chattram establishment and for feeding travellers &ca including provision for the annual repairs of the same and a small allow-
-ance for Paditharu of two minor deities in the Nanjangode temple. x 8911

It has also been reported that the feeding &ca in the Chattram continued to be given regularly till the end of March 891.

An enquiry in regard to this matter had been made by this office prior to the receipt of the docket under reply in connection with the bills submitted by the Amildar of Mysore for the pay ~~of the~~ village and Chattram establishment and for the cost of feeding in the Chattram for the years 1891-92 and 1892-93. The establishment bills were duly sanctioned but not the bills for feeding, as the statement of

of Shanbogue
Amildar on 26th December 1893 shewed
that there was actually no feeding in the
Chattram during those two years. The matter
has formed the subject of correspondence
between the Amildar and the Inamdars
who have provided only Rs 300/- per annum
for this purpose in the statement they
originally furnished to this office shewing
the expenditure to be incurred from the
revenues of the Inam villages when they
came under Government management.

The 4 Inam villages together
with a few others are now in mortgage
to Government for a total sum of Rs
5-6649-13-10 due by the Inamdars and
the net revenues are being paid towards
the liquidation of these debts as per orders
of Government in Pro: No. $\frac{5320-3}{91-93}$ dated
21st September 1893.

The chattram building is reported
to be in disrepair. It formerly consisted
of two thottis, one of which lying to the
north is said to have completely decayed.

It is not clear from the correspon-
dence as to how the provision for

for repairs mentioned in Mr Ranga charlu's orders have been utilized. of this expenditure have been called for from the Amildar.

The Chattram has now attached to it a watchman and a sweeper who have been on receipt of the allowance noted in the margin.

Separate proposals will be submitted on receipt of particulars called for from the Amildar in regard to the renewal of the feeding establishment in the Chattram as the opening of the Manjungode railway have changed former conditions.

2 The Inamdars, Messrs. Nanjaraj Urs, and Devaraj Urs, desire, and have stated before me, that the repairs the Chatram

Chatram now requires, may be done with So much of the Chatram allotment, at Rs 650/- per annum, as remains with the Government unspent, since the transfer of the Inam villages to Government management, in April, 1891; and that in future, the allotment may be paid to them - that they themselves may have Charge and control of the feeding charity founded by their ancestors. But before the feeding can be revived, it is necessary to have the Chatram repaired, or a new one built, in a more convenient locality, at Kadakola, on the road side, using the materials of the old building as far as possible. Enclosure No. 2

With reference
to his docket No. 1036/104-93
dated 28th March 1896
Enquiring about funds
available for the repairs
of the Kudkola Chattram,
I have the honor to state
as follows:—

The four villages of
Kudkola, Byatanahalli,
Lindhanalli, and Da
Madeehalli granted

ame 603 d/29 11 98

as In am for the maintenance of the C
yield annually a revenue of Rs 3187 and a
Out of this amount a permanent allotment
of Rs 650/- has been fixed for the annual
feeding expenses of the Chattrum. The Chattrum
came under Government management in
August 1891 and there has been no feeding
in it since then owing to the unsatisfactory
Condition of the building. The feeding would
appear however to have been resumed for
some time in 1895, and the expenses &c con-
-nected therewith amounted to Rs 229.2-4
This sum being deducted from the realiza-
-tions of the villages, there was, as reported
by the Amildar, a balance of Rs 2750/- still
available.

The Amildar now states that the sum
of Rs 2750 above referred to and also sub
-sequent savings from the feeding allot
-ment amount have all been credited towa
-rds the adjustment of the loans due by the Many
-dars Messrs Nanjaraj Urs and Devaraj U

however adds that the Collections for the year 1897-98 up to the end of June 1898 amount to Rs 1160-0-9 and that a further Collection of Rs 850/ was made in August 1898 making a total of Rs 2018-0-9, that this Sum is returned in the Taluk Treasury that there is a prospect of a further Collection of Rs 362-0-11 still due by ryots There will thus be a Sum of Rs 2380/ available solely for the repairs of the Chattram.

The Estimate and the plan for the Repairs returned with the docket under reply are therefore resubmitted for Sanction the Charge being met from the said Sum of Rs 2380/.

The Chattram is reported to be in a very deteriorated Condition and the necessity for starting the work of repairs as early as possible is urgent.

SIR,

With reference to your docket no 609/10493 dated 27th November 98 regarding the proposed removal of the Kadakola Chattram from its present locality, I have the honor to state that the Chattram in question seems to have been founded for the convenience of travellers and pilgrims including Bhyragis who halt at the place during their journey

to and from Nanjangud and Rameswaram on religious occasions, as also for the celebration by the founders family of an Annual Mantrapotsavam in the Chethrum building during the procession of the Sree Kanta Murti from Mysore to Nanjangud and Vice Versa.

The Amildar of Mysore reports that the Villagers of Chetnahalli in his Taluk and of Hampapura in the Nagadevanakote Taluk as well as the people of Surrounding villages rest at Kudkola

on their way to Nanjangud
and that those Exporting goods
by rail also find it necessary
to halt at the place

The Inamdars Messrs
M. Nanjaraja Urs and M.
Devaraja Urs and their mother
are not in favor of the Chattram
being shifted to any other place.

The necessity for the existence
of the Chattram at its present
place does not under the
foregoing Circumstances ap-
pear to have altogether been
superseded by the Extension
of railway Communication

and I would therefore beg to recommend that it may be allowed to remain undisturbed, the building be repaired and restored to an efficient state.

I have the honor to be

Sir

Your most obedient

servant.

His letter No 4707/16th Oct 99 recommending that the Chattrumah Kadakola may remain undisturbed in its present locality And that the building may be repaired and restored to Good Condition.

Has the Range Officer made that under the Circ repeated in the above, the forest agree with the Dy Conr's that the Chattrum to be removed need not be disturbed from its present locality.

2. As regards the repairs to the Chattra

it is to be observed
that the Estimate
submitted by the Surveyor
under Cover of his Docket
No 62 of 22nd Oct 98
has been prepared
in March 96; and
the Repairs estimated
for so far back may
not quite suit the
present state of the
Chatham building.
~~The Surveyor is therefore~~
~~requested to have the~~
~~Estimate~~ The
Estimate is accordingly
returned herewith
in the Plan
with the request that
~~the same~~ it may
be revised with refer-

to the present Condition & requirements of the Institution and be fixed for Sanction of Govt.

Referring to the funds of the Chathram, the Dy Coll^r in his Cons^n. No 699/22 dd Oct 98. has reported that the Collections for the year 1897-98 amounting to Rs 2018-0-9 up to the end of Aug 1898 have been held in the Taluk Treasury and there was a prospect of a further Collection of Rs 362-0-11.8 till due for the year 1898-99 by the 15th Sept, thus making a Total

for the Main Villages of the Chathram

of Rs. 2380 available for the repair of the Chatham building. The ~~Collr~~ Dy Collr requested to report if the aforesaid sum of Rs 362-0-11 has been allotted, and what amount of savings is now available at the credit of the Chatham ~~Collectorate~~ ~~Such savings are~~ ~~liable~~

4/ ~~Collr~~ The undersigned is further to request to be furnished with a detailed statement of Receipt & Expenditure of the Collections made from the Inam Villages of the Chatham ever since the Villages were taken over under the Management of the Rev. dept.

Sir

I have the honour to acknowledge receipt of your memorandum No 4/1906-1901, dated the 17th September 1900, enquiring whether the claim of Rudolph Z, referred to in the enclosed letter No 229, dated the 14th August 1900, can be worked, and if so whether any Yukon Territory, Royal Canadian Mounted Police are available for the purpose

of the Chattram at Mudhole
Mysore Taluk, represents the
Collections from all the Inam
villages held under Government
management, in connection with
the Cases referred to Report
Varying Wet and Dry Crops,
& the accumulated sinking fund
- fected out of the allotment for
feeding at the Chattram, since
the honor to state that since
June 1891, when the Chattram and
the Inam villages assigned for
its maintenance came under
- Government management, the
Collections from the villages
(up to August 1899), that is the
pay of the village servants and
the Local Cess were credited to

Government towards the interest and the principal due by the Imam - date, and that no feeding was * conducted in the Cheltenham (except four months in 1895) owing to the dilapidated condition of the building

The accompanying State- ment (received from the Guildhall) shows the amount allotted by the Court of Magistrates (Pedekana - rese order No 15 dated the 11th July 1892 from the Secretary's office to the Clerk of the Cheltenham and the Deputy Commissioners order No 6461/94 dated the 27th Nov. 1894 allowing Rs 18 for feeding in the Cheltenham, the cost of establishment and the amount

of Savings which ought to have been Effected in Consequence of the Stoppage of Feeding.

This amount of Savings was, however, not credited to the Chattrum from time to time. The amount now in deposit in the Treasury is the Collections from September 1899, and was not available to Government as heretofore, until a sum to meet the cost of rebuilding the Chattrum

2. Correspondence ending with letter No.1401 dated 31st May 1901, from the same requesting sanction to utilize out of the amount held in deposit, a sum of Rs.3,000/- for the repair of the chattrum at Kadakola.

Order thereon No. H.6444-9 dated Bangalore, 15th September 1903.

Without recounting the history of this case in detail, it may be stated for the present purpose, that it has its origin begun with the loan originally sanctioned in 1871 on the security of the villages belonging to the family, and that subsequent advances and loans paid at different intervals, continuing up to the present time; and the liabilities of the family creditors, the members marginally noted, are distributed as below :-

1. Venkata Subbammani, widow of late Nanjaraj Urs, son of Sarvadhikari Kale Nanjaraj Urs by his first wife.
2. Mr.Agrahar Nanjaraj Urs and [illegible] Devaraj Urs (brother of No.1) sons of Kale Nanjaraj Urs by his second wife.

No	Names	Total amount advanced.	Total amount recovered and credited towards -		Balance still to be recovered (Principal).
			Interest	Principal.	
1.	Venkatasubbammanni	1,60,00	5930-12-11	6,869-3-1	9,130-12-11.
2.	Messrs Nanjaraj Urs and Devaraj Urs.	60,011-10-6	18478-10-10	30,253-6-7	29,758-3-

In addition to the above, both Mr.Manjaraj Urs and his brothor Dovaraj Urs have subsequently contracted private debts which amount to nearly Rs.50,000/-.

The object of sanctioning the first loan was to relieve the family which is one of the most important among the Rajabandhus of Mysore, of its pressing debts and relieving the estate belonging to the family of all its encumbrances. The object has not been so far realised to any appreciable extent, and the causes, which are many, need not now be traced with any profit. The persistent disposition to contract debts without any thought of the means with which to repay the same, seems to have been the governing instinct of the family, and the warnings of His Highness the late Maharaja did not produce any satisfactory result. After giving the subject their most careful consideration, His Highness the Maharaja's Government have come to the conclusion that one more chance may be given to the applicants and that they may be relieved of their present distressing debts. The four villages which have fallen to the share of these two brothers have been valued at Rs.1,65,500 exclusive of the 1/6 share belonging to Venkatasubbarmani in Mangala village of the Chamarajnagar Taluk and which is valued at Rs.25,000. The introduction of survey and Settlement into these villages has increased the assessment by Rs.2,620-3-11. Mr.Manjaraj Urs has also a house in the Mysore Fort, valued at Rs.7,000, which should be added to the security. It may be noted that the purchase money paid for this house is also included in the amount of the debts now to be discharged.

It has been reported that the whole of the landed property, including the share of Venkata Subbarmani with the exception of the house in Mysore City, is in the possession and management of the Government, and will continue to be so till the whole debt and the interest accruing thereon every year are fully paid up. The exact value of the interest held by each of those members of the family and the debt due from each will be clearly specified and a fresh mortgage bond will be obtained for the payment of the balance of the debt still due and for the advance now ordered to be made as follows :-

not exceeding Rs.40,000 to Mr.Nanjaraj Urs;

not exceeding Rs. 10,000 to Mr.Devaraj Urs;

the total not exceeding Rs.50,000.

The annual interest due on the whole debt will be first credited out of the receipts of the villages mortgaged to Govt., after deducting Rs.650 per annum, set apart for the chattram at Nadakola, and the balance credited in reduction of the principal.

The Palace Controller will settle with the creditors on equitable terms, the amount to be paid to them in full satisfaction of their claims, and obtain proper discharges. It is believed that if proper efforts are made, the creditors will be willing to make large reductions in consideration of their receiving the whole of their dues in a lump sum.

The Comptroller, Mysore Government, will open a separate account of this loan and submit an annual report of the transactions on the 1st of [illegible] every year. The working of the villages will be controlled in the Revenue Department of the Government and a special report will be called for from the Deputy Commissioner regarding the management and the financial working of this estate.

His Highness the Maharaja desires that Messrs. Nanjaraj Urs and Devaraj Urs may be once more clearly warned that they should not run into debts other than what have been now ordered to be adjusted out of the advance paid by Government, and if they do so, they will incur the severe displeasure of His Highness.

Separate orders will be passed in the Revenue Department regarding the repair and upkeep of the chattram at Nadakola.
